PREFACE

This illustrated identification list has been prepared for the purpose of identifying component parts and assys of parts. All concerned will use the designation given in this list when demanding parts from Ordnance Depot., or when referring in correspondance to any parts of equipment. Items denoted by NSS, are not serviced separately.

Catalogue Nos. quoted in this list will supersede any other catalogue No. that may have been allotted previously. Units shall ensure that whatever parts they are demanding from the parts list are applicable to the vehicle they are holding.

When demanding spare parts the following particulars must be quoted.

- a) COS Section
- b) Part Number
- c) Designation
- d) Designation of equipment for which parts is required

Assembly AL Specification is shown in the specification contents sheet itself.

Abbreviations appearing in the list are generally in accordance with those accepted and recognised by Indian Standards Institution.

Amendment to this list will be notified in supplement. Unit will indent through normal channels for copies as required. It is essential that the list should be carefully amended and details of amendments entered in the amendment sheet.
